DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 23 April 2006 has been entered.

Allowable Subject Matter

Claims 1-2 and 4-6 allowed.

The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims in this case is the inclusion of a connecting means for attaching one end of a tension strap to a waist belt; the other end of the tension strap attached to a skateboard; the connection means comprising a multi-level buck to allow the user to adjust the length of the tension strap and to maintain a tensile force in the strap, allowing for a connection between the user's waist and the skateboard, in combination with the other elements recited not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
